## PUT CAVALRYMEN

Delegate to American Meat Packers' Convention Advances Very Novel Idea.

### TO USE GOVERNMENT LANDS

No Meat for Workingman Unless Something Is Done Within Next Ten Years.

Chicago, September 23 .- 1t is the luty of the United States to stock its government lands in the West with cattle, put the army, especially the cavalry, to work as cowboys to handle e animals, supply the packers with this beef at cost, so that the price would be lowered to the people, and a threatened meat famine due in six or eight years averted, is the opinion of A. M. Dubin, of New York, a delegate to the American Meat Packers

"My suggestion is perfectly simple, said Mr. Dubin. "The governng it lands in the West could be made into great pastures, where countless cattle could be raised to relieve the present high cost of meat, and avert the famine that surely is coming otherwise.

No Meat in Ten Years. Unless some such action is taken, are will be no more meat on the tables of American workingmen in the next decade. The government has no higher obligation than to relieve this situation, which every day is becom-ing more serious.

The land so stocked could supply the army with meat first, then the rest could be sent to the packers at cost, and the consumer could get it with the mere price of dressing added. The power price would be astonishing. This action or something just as efficacious

Housewives Waste One-Fourth. The American housewife was taken to task for wasting meat. A fourth part of all the meat killed for the able is wasted. Weather Bulletin.

Washington, September 23.—The national weekly weather bulletin of the Weather Bureau, issued to-day for the week ending yesterday, says:

"In the cotton region the weather was cool and cloudy, with rain at frequent intervals from Arkansas and Louisiana eastward to the Carolinas. It was likewise cool in Texas and Oklahoma, and considerable cloudy, rainy weather prevailed the first half of the week, interfering with cotton picking. The latter part of the week was clear, and picking progressed under favorable conditions."

telanic serum was used last hight in an effort to ward off the development of tetanus.

Mrs. Bowman was placed on the operating table at the hospital Saturday night and pleces of shot, splintered bone and lacerated flesh removed, indications of tetanus had already appeared, and heroic measures were necessary to save her life.

The accident occurred Thursday evening while her husband was engaged in cleaning the shotgun, which he did not think was loaded. Mrs. Bowman was nursing her baby a few feet away, when the hammer slipped. There was a flash, a roar and the mother and child were hurled to the floor, the little one escaping injury.

Neighbors who heard the report of the gun hurried to the Bowman home and found the husband attempting to stanch the flow of blood from an ugly wound. Dr. A. C. Biller, of Forestville, was summoned and dressed the injury.

WANT PROBATION OFFICER.

State Superintendent Investigates Situation at Request of School Board.

Newport News, Va., September 22.—In response to a communication to the State Board of Education, inclosing a resolution adopted at the last meeting of the board of school trustees concerning the school superintendency. State Superintendent of Public Instruction R. C. Stearnes spent Saturday afternoon here conferring with members of the board. In the resolution forwarded to the State Board the trustees called attention to the fact that Superintendent of Schools Jenkins was in iil health, and as the local authorities have no legal right to name any one to act as head of the schools in his place they desired the State authorities to come here and make an investigation of the circumstances in the matter.

Mr. Stearnes said that he had no authority to act, but that he will lay the fact before the State Board when that body meets October 15. Superintendent Jenkins, who has recovered somewhat since the resolution was adopted and who is now attending to the duties of his office, was present during part of the meeting Saturday afternoon.

First Baptist Church Sunday morning, Dr. Furman H. Martin made a statement in regard to the recent newspaper report that he had been unantmousty called as pastor of the Suffolk Baptist Church.

Dr. Martin said he knew nothing of the call until he was informed by a reporter and asked for a statement.

His reply was that he had nothing to say. The pastor reaffirmed his statement even more emphatically. "This is the sixth call," continued Dr. Martin, "that I have received during the five years I have been your pastor. Heretofore I have succeeded in keeping these matters out of the newspapers."

Dr. Martin stated that he had not expressed to any one in this city or elsewhere his determination to accept any church, even wore he called. He stated vigorously that he would not accept any call until after he had tendered his resignation to his present pastorate,

Senators Reed, Hitchcock and Bristow Make Proposition Before Committee.

Washington, September 23 .- Comlete revision of the framework of the administration currency bill was proosed by Senators Reed, Hitchcock and Bristow to-day during the examination of Samuel Untermyer before the Sen-

of Samuel Untermyer before the Senate Banking Committee.

Senators Reed and Hitchcock have vigorously assailed certain provisions of the House bill. To-day Senator Reed advanced what he called the Hitchcock plan, which would entirely eliminate from the proposed system the entire scheme of regional reserve banks and substitute a government issue of currency to individual banks on commercial paper backed by a 50 per cent gold reserve up to 75 per cent of the capital stock of each individual bank. That would be in addition to the present bank note issue.

Senator Reed, in a long speech advocating the plan, criticized the regional bank plan as making the individual banks "subservient to a comtination of banks." Mr.: Untermyer

usually makes a lot of fun for bystanders before they get through the door. A number of people go at the door Just exactly backward, and before they get themselves into curious mix-ups.

The committee also heard a delega-tion of Minnesota business men repre-senting the Minnesota commercial organizations. Edward P. Wells told the committee that the delegations, although opposing the bill, did not represent banking interests. He declared the idea for capitalizing the Federal reserve banks was confiscating capital and putting it into an "organiza tion that might become the football of politicians."

New York, September 23.—A new and important heliesa has arrived in the person of Miss Elizabeth Virginia Ziegler, born Zunday afternoon last to Mr. and Mrs. William Ziegler, adopted son and daughter-in-law of the late multi-millionaire, who left a great fortune gained through his control of the baking powder industry.

William Ziegler is not quite twenty-one, and his wife, who was Miss Virginia Watson, is about the same age. They were married in December last.

The girl was born at the Ziegler country pince at Great Island, Darlen, Conn. She weighed precisely seven and a half pounds. The mother is doing well. The family will remain at the estate until November, when they will move into their new home.

NARROW ESCAPE FROM DEATH.

R. E. Jordan Pinned Under Overturned Auto in Water for Twenty Minutes.

[Special to The Times-Dispatch.]

Norfolk, Va., September 23.—R. E. Jordan, president of the Norfolk and Portsmouth Ferries Company, had a narrow escape from death this evening when an automobile in which he was riding turned turtle over a ten-foot embankment and buried itself in a swamp, pinning Mr. Jordan under the body of the car. The accident happended near Hodges Perry, about ten miles from Norfolk, while Mr. Jordan and J. E. Daughtrey were returning from a business trip in Suffolk. The steering gear broke while the car was traveling at an average speed, and at once the machine swerved off at a tangent and plunged over the embankment. Mr. Jordan was under the machine in the water for twenty minutes before he was rescued, and more than hour was spent reviving him. His condition is serious, but he will recover. Mr. Daughtrey was not hurt.
